**II. MTC Scholarship (Mandarin Teaching Center, 臺灣師範大學國語教學中心獎學金)**

**Application deadline & procedure**

1. Send a one-page (singled-spaced) personal statement in English to Hsiang-ning Sunnie Wang, by *Friday, March 11<sup>th</sup>, 2015*. Late application will not be considered.
2. Schedule an interview when you submit the personal statement via email. In your email please indicate the Chinese language course you are currently taking this semester and the name of your current Chinese language instructor.
3. The scholarship will be awarded to two UVa students.
4. See details about MTC tuition waiver in the following pages.

### **III. Highlighted differences in the two types of scholarships**

#### **1. Internal review process at UVa**

Both of the following scholarship sponsors have authorized UVa faculty to conduct the review process and make final recommendations. Therefore, all UVa students who are interested in applying for either type of the scholarship should go through the internal review process stated above without any exception.

#### **2. Nature of scholarship**

HES scholarship offers a 2-month stipend, i.e., a fixed monthly stipend of NT\$25,000 (approx. US \$833). You can use it for whatever purposes directly related to your studies in Taiwan. MTC offers tuition waiver for language studies in that particular center without stipend support.

#### **3. Eligibility**

- 1) HES applicants should be American citizens, whereas MTC applicants do not have to be American citizens. International students are encouraged to apply for the latter, but NOT the former.
- 2) Undergraduate and graduate students are encouraged to apply.
- 3) Although you may want to indicate interests in both scholarships, the UVa review committee will NOT grant two scholarships to one applicant. Only one scholarship will be granted to one applicant according to the review committee's decision and recommendation.

#### **4. Application package**

Your application package for the UVa internal review process includes the following:

- 1) Personal statement (email attachment).
- 2) An oral interview with the HES & MTC Scholarships Committee.

There is **NO** need to request a recommendation letter from your instructor unless otherwise noted. What is likely to happen is that the review committee will contact your current Chinese language instructor to request recommendations at an opportune time. You do not need to request a recommendation letter from your language instructor until the committee notifies you that you are selected as an HES or MTC scholarship recipient.

## **5. Proficiency Level**

Learners at whatever proficiency level are all welcome to apply.

## **6. Transferred credits**

UVa does not offer automatic transferred credits. After you return to UVa, you will have to schedule an appointment to meet with the Chinese Language Program Director, Professor Hsin-hsin Liang to discuss the possibility of transferring credits to UVa. Be reminded that you should bring your learning portfolio to the meeting, including syllabus, textbooks, exams, quizzes, homework, handouts and other learning materials. Professor Liang will interview you, examine the materials, and decide if the credits you will have earned over summer can be successfully transferred to your UVa transcript.

## **7. Study sites**

HES scholarship recipients can self-determine exactly where you prefer, whereas MTC scholarship recipients should study in the designated location, i.e., MTC. Other recommended study sites will be shared with HES scholarship recipients as time approaches. In the past years, UVa students who received HES scholarship all chose to study at MTC of the National Taiwan Normal University and International Chinese Language Program of National Taiwan University in Taipei. Once you are selected as one of the recipients of the HES scholarship, the committee members will advise you to make plans and recommend study sites to best prepare for your trip to Taiwan.

## **8. Review criteria**

The granting of the scholarships is merits-based and needs-based. Your timely submitted personal statement and the to-be-scheduled oral interview account for a great proportion of weight. Recommendation from your current Chinese language instructor is equally important.
