EDUCATION ABROAD IN PHILOSOPHY

WHAT’S NEXT?
• Take the Education Abroad Workshop
• To discuss program options, make an appointment online with an education abroad advisor according to your country or region of interest.

BENEFITS OF AN INTERNATIONAL EXPERIENCE
For students in philosophy, an international experience can be an integral component to the discipline. Upon return from studying abroad, many students report that they are equipped with greater language proficiency, deeper knowledge and understanding of various cultures, as well as a broader, more global perspective that is often valued by employers.

ACADEMIC & TIMING CONSIDERATIONS
Philosophy majors may count up to six transfer credits in philosophy courses towards the major, but transfer credits cannot be used to satisfy any of the major requirements listed on the department web page. Students must consult the Director of Undergraduate Programs for approval prior to study abroad.

Planning ahead is key to finding a program that meets your academic and personal goals. We encourage you to start planning for your international experience as early as first year, and recommend that you meet with your academic advisor as well as an education abroad advisor.
